Institutional Distinctiveness

Our vision is to establish an educational institution of excellence in all aspects which would produce citizens who are ready to work for the betterment of the Society and the Nation.

The mission of our institution is to motivate girl students from less literate areas of Rajasthan to pursue higher education by providing them maximum educational facility and to make them capable and bold enough to face the challenges of life at any later stage.

The institution is providing students an atmosphere to work for the society. The institution organizes camps in villages, conducts rallies on social issues. These entire efforts make the students responsible and committed towards the society, moral and values are developed in the students. The students are made aware of the latest techniques in education and utilize them.

The students of this institution represent the college and university at National level in sports activities every year.

The institution believes that all these activities lead it to produce good citizens, a citizen who has sense of responsibility towards work, society and the nation.
